CALL TO ARTISTS FOR MARCH 2022 EXHIBITION

Sculpture Northland will be returning to Whangarei Quarry Gardens, in March 2022. Our 2019 exhibition was the biggest yet; with over 50 artists participating and over 10,000 visitors flocking to the Gardens over the 10 days to enjoy the surreal transformation of the Gardens and purchase original artworks on display. Sculpture Northland is a tremendous celebration of our thriving Arts Community, and has gained recognition for its high calibre of intriguing and beautifully crafted sculptural work.

We are now inviting sculptors across Northland, and those with Northland roots, to apply to participate in this year's upcoming exhibition.

Please return the attached application form by Wednesday 24th August.

Please feel free to pass on this Call to Artists to any local sculptors who haven't been involved in Sculpture Northland before. Dorothy McHattie is leading the curation of the exhibition, with assistance from Paula Smith and Judith Barnette. Dorothy has curated our previous seven shows and her knowledge of arts mixed with her familiarity with the Gardens allows her to set the stage perfectly for our 10-day exhibition.
